

Waste Committee Meeting Agenda – July 9, 2020 at 6pm in BI chambers

Members: Richard Weinsier (C) – Clayton VanCamp (VC) – David Baggs (S) – Katie Durni – Frank Noge – Steve Jackson

1. Introduce new member – Steve Jackson
2. Citizen's comments
3. Length of Waste Committee member's term starting December 2019
 - a. Steve Jackson and David Baggs – One year
 - b. Frank Noge and Clayton VanCamp – Two years
 - c. Katie Durni and Richard Weinsier – Three years
 - d. At the end of your term, you may request Council for a 3-year renewal
4. Quarterly meetings: February, May, August, November [Second Thursday of month @ 6pm]
5. Special meeting may be called, as needed
6. Discussion about using a CART for General Waste pickups on Tuesdays and Fridays (see info below)
7. Survey results – *Please read prior to meeting!*
 - a. Go to website: <https://www.cityofbelleislefl.org/waste>
 - b. On right-hand side under Questions & Answers, click on "SURVEY RESULTS"
8. A1 Assets – Electronic recycling in Lake Mary
9. Non-Rechargeable battery recycling at City Hall
10. Idea: Adopt a street/area
11. Next meeting
12. Adjournment

Cart information from Darren (JJs Waste and Recycling VP):

Cost of CART to each resident:

Size	Cost / Cart	Per Cart / month			All Properties / Month (1 Cart)			All Properties / Month (2 Carts same size)	
		3yr	4yr		3yr	4yr		3yr	4yr
65gal	\$ 65.00	\$ 1.81	\$ 1.35		\$ 4,613.19	\$ 3,459.90		\$ 9,226.39	\$ 6,919.79
95gal	\$ 70.00	\$ 1.94	\$ 1.46		\$ 4,968.06	\$ 3,726.04		\$ 9,936.11	\$ 7,452.08

Cost chart for 65-gallon or 95-gallon cart per 3-year or 4-year time frame.

Note: Only one size cart can be used for all of Belle Isle.

Additional Cost if we choose to use a CART for waste pickup of Tuesdays and Fridays.

I have been working on the numbers and it is very complex, but the reality is the cost will go up either way. If you think about it we are bringing the Wheelie Bins in to ultimately move to a one arm vehicle collection in the future, however Mondays still require the rear loader for the Yard Waste, Tuesday could have the side loaders, but would also have to have the rear loader to cover for the contaminated bags from Monday (So rather than 2 trucks, would have to have 4 with additional staff), Wednesday

we could just use side loader as long as everyone uses the bin, and Friday we could again use the side loader, but would still need the rear loaders for the Bulk.

I just purchased a couple of side loaders for a contract in Texas that we won. Each vehicle cost \$385,000, so, even spreading that over 7 years with no finance costs) the cost per month would be \$1.80 per household, based on 2555, plus the additional labor for those 2 trucks = 20hours per truck per week = \$0.81c per property on top, plus Fuel, Tires etc, so the real cost if we were to go down that route would be around \$3.20 on top of the bin cost.

My suggestion is that we push the bins from a safety perspective, collected by the existing fleet, and a beautification of the city, rather than households having 15 different types of cans out the front of their house each collection day.

Duties and Responsibilities of Waste Committee members

1. Serve for a 1,2, or 3-year term which can be renewed for a 3-year term
2. Members are considered at-large
3. Attend Waste committee meetings
 - a. Quarterly meeting months: February, May, August, November
 - b. Day: Second Thursday
 - c. Time: 6:00pm at City Hall
 - d. Special meeting may be called as needed
4. Suggest ideas to improve waste collection
5. Create newsletter articles
6. Create and attend informational events involving Waste collection
7. Work with residents to lessen the amount of waste by changing buying habits
8. Students
 - a. Promote recycling and conservation education
 - b. Suggest ideas in the proper disposal of waste products
 - c. Learn how to lessen the amount of waste products
9. Meet quarterly with Waste provider to:
 - a. Improve communication among
City/Commissioners/Committee/Residents/Students
 - b. Improve service to residents
 - c. Look for solutions to any ongoing problems
 - d. Consider any changes that might affect residents
 - e. Discuss any new equipment or programs coming online
 - f. Review reports – Waste/Recycling tonnage
 - g. Review resident complaints and suggest any needed changes
 - h. Review commercial accounts for any needed changes
10. Schedule bi-yearly Electronic Waste collection event and disposal
11. Send out information about Hazardous Waste disposal
12. Send out information about Paper Shredding
13. Partake in bi-yearly Belle Isle community events
14. Create and send out evaluation of Waste provider services
15. Assist with the bids for solid waste hauling and recycling contracts
16. Review of proposals (RFP) for Solid Waste and Recycling and make recommendation to City Council
